Whether you want to accelerate by taking the Middle School Placement Test, pass the school-entrance test, advance the curriculum, aim for better grades, or get a deeper understanding of the concepts, these teaching courses will give you a solid foundation needed to succeed in school. Course Readiness will be assessed before joining.

Advancement Prep is designed for students who have finished the course and wish to advance by passing the Placement / Diagnostic tests. To maximize the effectiveness, the guided program is designed so students may exercise on different concepts at their own pace. This flexibility allows students to focus on improving the areas of their own weakness.
