

# 2017 MathEdge+ Programs

## Problem Solving & Competitive Math Training

for MathOlympiads, MathCounts, AMC, MathLeague, MathKangaroo

Want to learn valuable problem-solving skills? Want to be part of your school's math teams? Come join one of our ongoing classes and get trained to be a competitive mathlete. Many MathEdge students were featured in news for winning major math contests and it can be YOU too!

### MathEdge+ : Sharpen Problem Solving Skills and Excel in Math Competitions.

(Grades K-12: Sept-June) Assessment is required before joining. Signup is either by school year or by semester.

Designed for the advanced students, set in an **interactive, small class sizes**, and nurturing environment. We teach valuable problem solving skills, critical reading, logical math, and presentation skills - all in one package. Emphasis is on the understanding of fundamental concepts and approaches (instead of simple rote math manipulation and memorization) and how to apply them effectively in solving complex problems.
